DRAFT YES Rights and Resolutions COMPLAINTS AND APPEALS JULY 1, 2020 – SEPTEMBER 31, 2020 (1ST QTR SFY 2021)

The Youth Empowerment Services (YES) Quality Management Improvement and Accountability (QMIA) Council believes that each complaint received offers an opportunity to improve the system for youth and families. The complaints system is one of several mechanisms constructed within YES to place youth and families at the center of their care.

This is the YES Rights and Resolutions report for the 1st quarter of State Fiscal Year (SFY) 2021. The purpose of this report is to monitor youth and family concerns or complaints relating to informing, access, service appropriateness, service effectiveness, and quality. Each YES Partner Agency contributes its complaint information individually, each with a shared purpose of quality management and system improvement. The report includes an overview of SFY 2020.

Overview of SFY 2020

The number of complaints trended down throughout the YES system of care system since July 2018. A total of 125 YES complaints have been tracked over the last 21 months. The summary of complaints that have been tracked thus far shows an average of approximately 18 complaints per quarter and an overall decrease over time. Details appear in Figure 1.

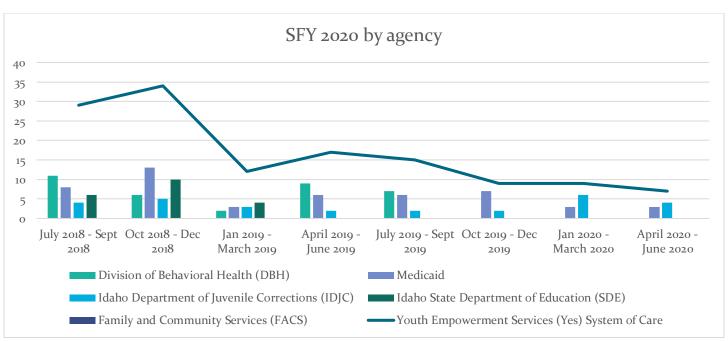

Figure 1: YES Complaints Across Time

Note: It is possible that the COVID-19 pandemic of 2020 (starting in Q3 which translates to Jan- March 2020) has likely affected access to care, although there has not been a corresponding increase in complaints related to access. It may be relevant that in response to the resulting emergency declaration, the Idaho Division of Behavioral Health (DBH) partnered with the Idaho Office of Emergency Management (IOEM), the Federal Emergency Management Agency (FEMA) and Substance Abuse and Mental Health Services Administration (SAMHSA) to provide crisis counseling by phone and text, which may field complaints.

1st Quarter Summary, SFY 2021

In the 1st quarter of SFY 2021, there were ten (10) YES-related complaints across all YES partners, and zero (0) appeals across the system.

- * Of those ten (10) complaints, seven (7) were submitted by youth, two (2) by parents, and one (1) other.
- * Issues were identified in the following categories: Service, Access and Clinical [services].

Division of Behavioral Health (DBH)

DBH received no YES complaints or appeals in the 1st quarter of SFY 2021.

DBH has seen a decrease in complaints and continues to work with Medicaid and system partners to create a centralized complaint system. This process has been challenged by resource availability, staff changes, and the emergence of a global pandemic – COVID-19.

Family and Community Services (FACS)

There were no YES-related complaints reported through FACS in the 1st quarter of SFY 2021.

¹ Includes information from Optum Idaho, the Medicaid Idaho Behavioral Health Plan.

² Complaints reported by the SDE are not necessarily complaints related to mental health services as their federally required reporting system does not filter complaints based on the child's disability.

Division of Medicaid

The Division of Medicaid received three (3) total YES complaints. One (1) each related to Service, Access and Clinical [services]. Two (2) were substantiated. The amount of time to resolve complaints ranged from eight (8) business days to twenty-two (22) business days. Details appear in Table 2.

The Division of Medicaid received no Member Appeals in the 1st quarter of 2021.

Idaho Department of Juvenile Corrections (IDJC) (YES Class Families/Youth)

The IDJC received seven (7) youth and no family complaints during the 1st quarter of SFY 2021. Of the YES class members whose complaint/concern was formally received by IDJC staff, all of the complaints were resolved in fifteen (15) calendar days or less, and three (3) of the seven (7) were resolved in five (5) calendar days or fewer.

Quality Management Improvement and Accountability

The Quality Management Improvement and Accountability (QMIA) Council brings together DBH, Medicaid, FACS, IDJC, and SDE to collaborate in YES quality monitoring. Publishing a Quarterly Report is a critical aspect of YES quality monitoring, presenting data collected by the YES partners, about the children, youth, and families accessing mental care in Idaho primarily through the Medicaid/Optum Network or the DBH Children's Mental Health (CMH) Regional clinics.

One of the roles of the QMIA Council is to develop a plan to establish the centralized complaints process. An update on the status is noted below.

In addition, the QMIA Council has implemented the QMIA Family Advisory Subcommittee (Q-FAS) which is a group of family representatives and YES partners that discuss current concerns that family advocates are hearing about from families that call them for assistance and support. An update on the reports from the Q-FAS are also noted below.

Establishing Centralized Complaints

Status as of July 29, 2020:

- Published one number for complaints (DBH number) on informational brochures.
- Added links to the YES website for Concerns and Complaints process and form.
- Developed collaborative process between DBH and Medicaid for sharing complaints field via the Complaints form and SharePoint
- Set up QMIA- Family Advisory Subcommittee (Q-FAS) to discuss family concerns and complaints
- Created link on YES website for Family stories
- Publishing YES report on complaints and appeals called YES Rights and Resolutions quarterly

Plan for Q3 and Q4 SFY 2021

- QMIA Council to review all formal complaints for trends and identification of YES quality issues
- Assess YES partners current complaint management processes
- Establish best practices for complaints management
- DBH lead work with YES partners to:
 - 1. Finalize option for centralized tracking
 - 2. Finalize option for "impartial" process to address complaints
 - 3. Develop work plan to implement centralized tracking and impartial processes
 - 4. Implement work plan

The QMIA Family Advisory Subcommittee (Q-FAS)

The Q-FAS presents an opportunity to gather and learn from family's stories. Q-FAS solicits family members' and family advocates' first-hand input on families' experiences accessing and utilizing YES services. The feedback received about successes, challenges and barriers to care is used to identify areas that need increased focus and to prioritize quality improvement projects. This subcommittee helps to guide YES partners work, providing children, youth, and families in Idaho access to appropriate and effective mental health care.

A new section of the Quarterly Rights and Resolution report will be to report issues raised by the Q-FAS. While these issues may not be associated with actual data, it is believed that the issues should be noted and tracked as part of the QMIA structure. At the December meeting of the Q-FAS, family advocates discussed concerns about the time between approval for Early and Periodic Screening, Diagnostic and Treatment (EPSDT) services and other high intensity care, such as Wrapround, and the actual start of services. It was noted that for some individuals/families, this can be weeks or even months and families may have few to no resources to help them during this wait time. The QMIA Council is looking into ways this could be tracked, monitored, and/or alleviated.
